Urbanetectonics, LLC dba THE BOMAQ Companies, a full service management consulting firm, serves as the single point of contact for owners, managers, and administrators who need the implementation of quality management solutions applicable to the core and non-core areas of corporate identities, small business ventures, trade organizations, educational institutions, non-profit entities, and governmental agencies.

OCTOBER 2025 V2 | URBANETECTONICS, LLC

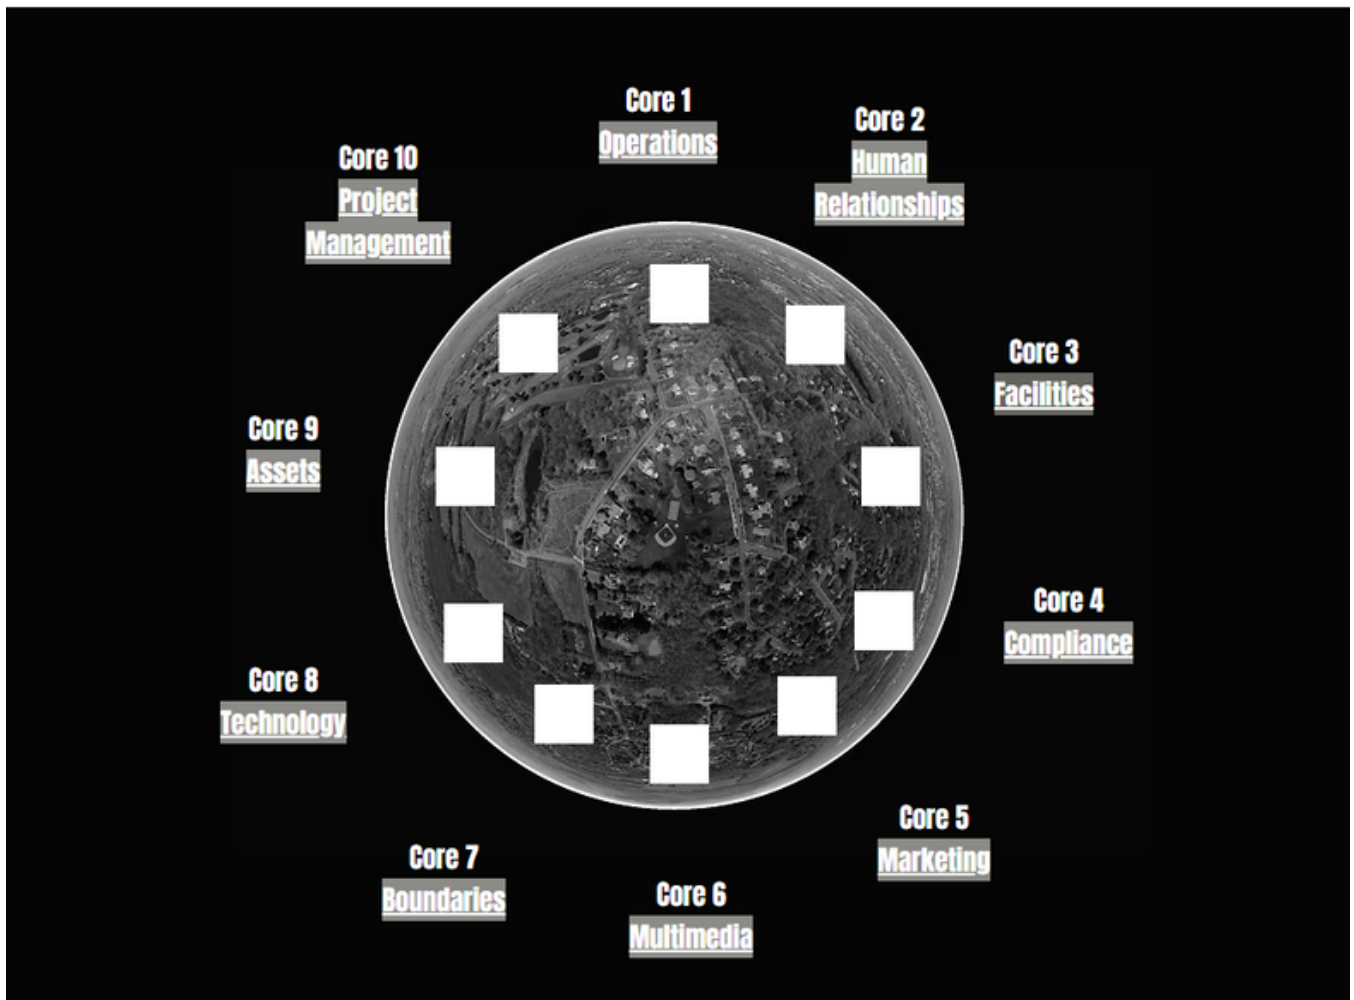

Should you "do the right thing" or "do things right"? This is the difference between deciding to tailor your actions towards effectiveness or efficiency. We must not, in trying to think about how we can make a big difference, ignore the small daily differences we can make to unlock "The Power of The Next" in our organizational constructs. The "Next" chapter of your company mission awaits in the wake of intuitive analysis, decisive solutions, and strategic action.

We team with our clients to create the means for sustainable growth that lead our clients to successfully maintaining their cutting edge in their respective markets. Our collective teams organized with the promise of value propositions that add noticeable difference, present powerful solutions, implement reliable strategies, reasonable goals, and attainable objectives.

Following our trusted approach can transform undervalued management into a team of business leaders with long-term success and a continued commitment to value creation throughout their organizations. Take advantage of our operational professionalism and our ability to increase productivity. We want you to succeed.

"Building key infrastructures provides a good framework to hold the lenses of your vision clearly in place so that everyone can see, understand, and contribute." Tanesha Bokally

Our strategic business units (SBU) consist of **12 industry divisions** and **10 Core service** areas. Our management consulting service provides owners, managers, and administrators with a productized service delivery; a ***vertically integrated*** project lifecycle in each division; and ***horizontally integrated*** managed consultant service across 12 divisions.
